

TO WHOM IT MAY CONCERN

It is my pleasure to write this reference letter in support of Guillermo Hoyo Bravo who is applying for the Vulcano's programme for traineeship in Japan.

During this year, I was his teacher for the Degree of Computer Engineering, in the subject Software Engineering. I have the opportunity to assess his professional and personal abilities and I must say Mr Hoyo has shown excellent interest in all his scholastic pursuits. His scores are very good. He is a person with very good grasping and analysing capabilities.

As a student he was dedicated to the assignments given to him and finished them on time. He is a reliable and disciplined person. Furthermore, he is very enthusiastic, energetic, hardworking and very independent. With these strengths and his co-operative nature, I firmly believe he would make a successful candidate for this Vulcanos's programme.

With full confidence in his abilities, I recommend that Mr Hoyo be accepted.
